DRUG COUNTER:

In keeping with the avowed and cherished objectives of our Drug Foundation we have opened a Drug disbursement counter in our own building situated in the premises of the Kidwai Memorial Institute of Oncology during the year 2001-02. The manufacturers and suppliers will supply the Anti-Cancer, Anti-Biotic and General Drugs at varying concessional rates of 40% and 55% on MRP including VAT by the National Companies and 28% Discount by Multi-National Companies respectively. The entire concession is passed on to the Patients. The said Drugs will be dispensed to Cancer patients duly adding 4% handling charges.

This outlet has become very popular with the cancer patients and public as the selling rates are considerably lower than the market rates as the drugs are being sold with nominal handling charges of 4% and heavy concession.

We have kept open the Main KCDF Main Drug Counter for distribution of Drugs among Cancer patients from 9.00 a.m. to 6.00 p.m. every day.

We have kept open KCDF Night Counter by side of the Main Counter every day from 6.00 p.m. to 8.00 p.m..

ISSUE OF FREE DRUGS TO POOR CANCER PATIENTS:

Free Drugs to poor and deserving Cancer Patients, as recommended by treating Doctor and Unit Head were disbursed. We have dispensed Drugs Free of Cost valued at Rs.2,40,21,821-55 for the period from 1995-96 to 2012-13.
